Dear Mr. Chun Samnang

Hello I'm Cham a web developer in PNC's university. I'm interested in website development because it's my skill and I want to improve my ability in your company and I can help your company succeed. I want to share my knowledge with you and your company also. I can start up in your company and develop your company better than.

I graduated in 2022 for my skill is web developer. I can design also design the best website I can know. I have many templates if website I can show you and can create the website awesome. A lot of structure, color layout I learned a lot about it. I am good at front-end framework and any tool to make up my website so awesome and programming language there are Python, PHP programming language. My goal is I want to be the best programmer in my country and I help the children know about IT. And the next goal is CEO of the company.

I'm appropriate to you for pay attention for read at if you interest my ability, you can give opportunity. And let me to work for your company.

Your Sincerely

Cham Smey
